

MILLPOND LANE BYPASS SEWER PROJECT UPDATE

The contractor has begun Stage 2a of the Construction (see attached Powerpoint Slide), which consists of the jack and bore of the pipe on the north side of Hyne St from the railroad tracks to North Street. Hyne Street will continue to be closed from the railroad tracks to North Street; and traffic on Hyne will be southbound from Main to North. As always, the Hyne Street Parking Lot will remain open. This stage is expected to take approximately six days. At that time, Stage 2b of the construction will begin.

The City of Brighton will continue to provide the public with updates.

Please visit the City of Brighton's website at www.brightoncity.org to see the Phase 2A Construction Plan.

If you have any questions or concerns, please contact The City of Brighton Department of Public Services at thomasp@brightoncity.org or 810.225.8001.
